Report Explanatory Notes Page

This report presents data that is aggregated and is a snapshot in time. Aggregated means that it is summed up to a particular level and certain calculations have been performed at that level. Also, this data is a snapshot of the "live" data on the database as of a certain date. On the report, the date of aggregation is labeled AS OF. This is the date through which the data was last aggregated. Even though the process to aggregate the data may have been done two weeks later, the AS OF date represents the cut-off date for the data that was to be included in that aggregation.

Abbreviations used in this report:

GR = Group Reporting indicator

If there is a "G" in this column, then that particular month's information was reported via Group Reporting. If it is blank then it was reported via STASS (SSN level).

PLAN AOB = Planned AOB

DYNQ AOB = Dynamic AOB

AAOB = Activity Average On Board -- is the total for the six AOB categories AI, UI, II, AT, HL, and HM

%UI AAOB = The percent of AAOB that is Under Instruction.

%NUI AAOB = The percent of AAOB that is NOT Under Instruction.

Generally speaking, the sum of %UI AAOB and %NUI AAOB should equal 100%.

AI = Awaiting Instruction

UI = Under Instruction

II = Interruption of Instruction

AT = Awaiting Transfer

HL = Hold Legal

HM = Hold Medical

CHG AAOB = Chargeable AAOB

The first total line on each page is FYTD (Fiscal Year To Date) values.

The second total line on each page is the total values for PLAN AOB and DYNQ AOB for the entire fiscal year.
